EDUCATION

Bachelor of Information Technology Engineering

Damascus University | 5th Year Student

10/2019 - Present

High School Diploma

Abdul Raouf Saeed

07/2018 - 07/2019

WORK EXPERIENCE

React Developer

Freelance

06/2024 - Present
Achievements/Tasks

- Developed responsive and user-friendly web applications using React for various clients.
- Collaborated with clients to understand project requirements and deliver tailored solutions.
- Continuously learned and applied new technologies to enhance project performance and functionality.

Laravel Training

Creative Group

05/2020 - 08/2020
Achievements/Tasks

- Gained foundational knowledge in Laravel, including Controllers, Models, and Routing.
- Worked on basic Laravel projects to apply core concepts.
- Enhanced understanding of back-end development and MVC architecture.

SKILLS

Html5   Css2   javascript   React.js   Bootstrap   git / github   Restful API   Laravel   MySQL

PERSONAL PROJECTS

WorldWise (07/2024 - 07/2024)

- Developed an interactive world map using React, React-Leaflet, and Context API, allowing users to explore cities and document their adventures.
- Implemented smooth navigation with React Router and designed a responsive UI for an optimal experience across devices.
- Enabled users to add cities to a personalized list and share thoughts on visited locations.

React Quiz (05/2024 - 05/2024)

- Built a 15-question quiz app using React, leveraging useReducer and Context API to manage multiple states (Loading, Error, Ready, Active, Finish).
- Implemented progress tracking and high score features, enhancing user engagement.
- Designed a responsive and interactive UI for a seamless quiz experience across all devices.

Country Explorer (02/2024 - 02/2024)

- Built a country search and filter app using React, React Router, and the REST Countries API.
- Enabled users to search for countries by name, filter by continent, and view detailed country information.
- Implemented dark and light mode for a customizable and user-friendly browsing experience.
